

FORMULATING CONFIDENCE FOR SUCCESS

LEARN FROM LEADERS OF PHARMACEUTICAL EXCELLENCE

Smriti College of Pharmaceutical Education (SCOPE) was founded in 1999 under the aegis of B. R. Nahata Smriti Sansthan (BRNSS). It was established in the memory of late Mr. B.R. Nahata - a great social leader, parliamentarian and a renowned educationalist.

Carving a niche in pharmaceutical education, we are at the forefront of research ever since we launched

the first private player run post graduate program in the state. Our contribution has been phenomenal in publications, presentations and research from budding pharmacists and research scholars. We advocate skill based education rather than rote learning or syllabus driven, exam oriented approach.
